

CTS PATTERN - 08 MAR 2006

I had gone through the ques paper pattern of CTS on 8th March and found that it has changed

It consisted of 3 sections

- 1 Verbal Ability
- 2 Analytical Ability
- 3 Mental Ability

overall dere wer 70 ques to b done in 70 min

ques wer simple

analytical ability was a bit tricky

THESE QUES HAD NO MATCH WITH PREVIOUS YEAR QUESTIONS

the new pattern was very easy

Verbal Ability had ques as

>fill in the blanks using articles, verbs etc

>then 2 comprehensive passages

one on worms in internet

other on DBMS Chet anaS

and questions related to the passages

Analytical had 5 questions

- 1 venn diagram
- 2 seating arrangement of 5 persons
- 3 data sufficiency
- 4 coding like 0 can be written as *
 - 1 can be written as \$
 - 3 can be written as \$\$
 - 4 can be written as \$**

if u see dere is similarity of this code with binary code

- 5 2 identical cubes havin cut into 125 and 64 equal parts resp

placed side by side

now 4 corner pillar cubes of this joined cube wer taken out and

entire structure was painted

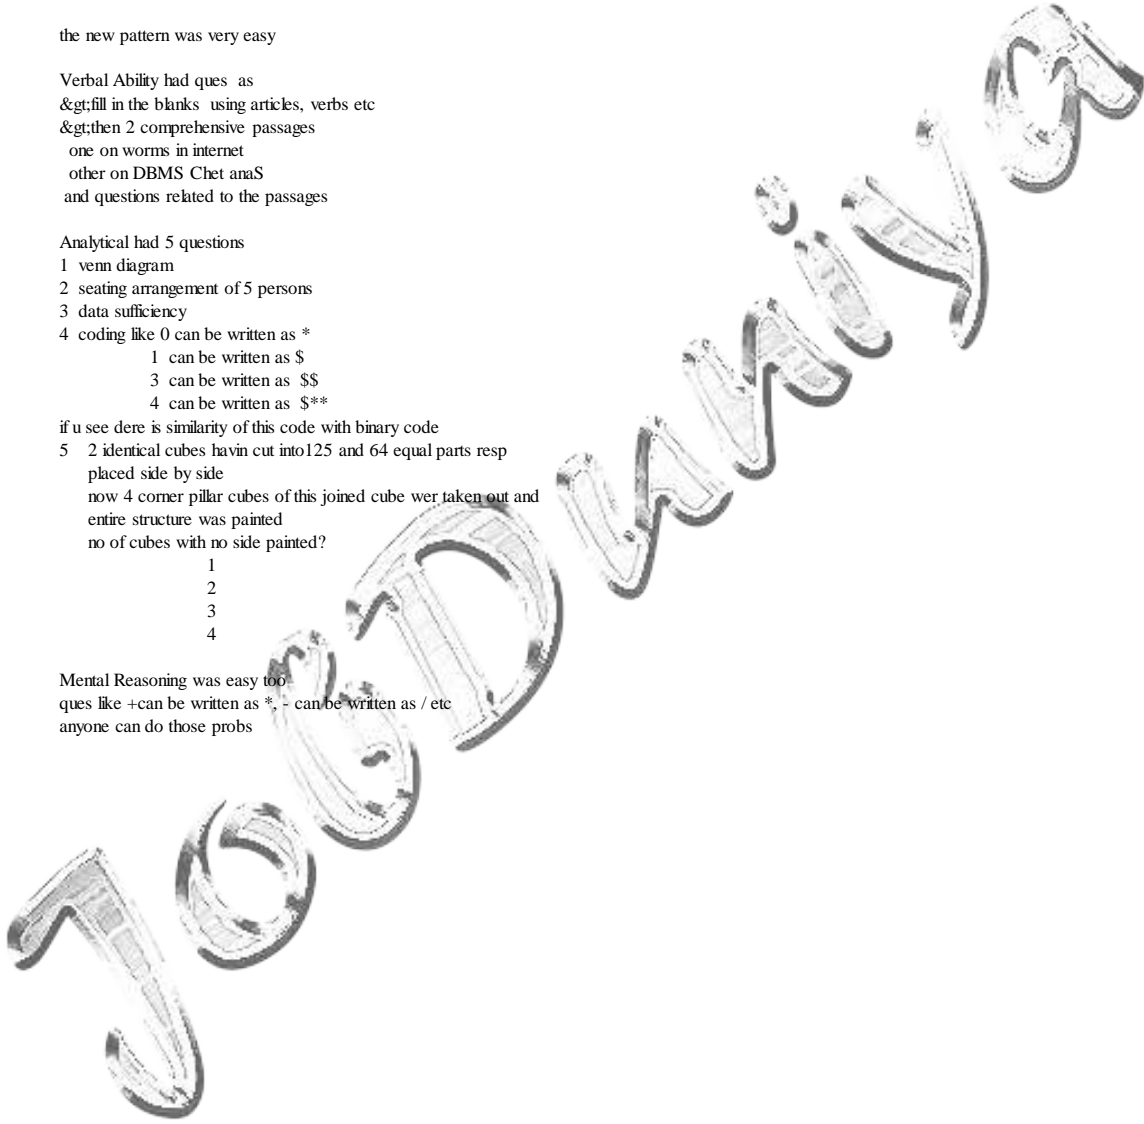

no of cubes with no side painted?

- 1
- 2
- 3
- 4

Mental Reasoning was easy too

ques like +can be written as *, - can be written as / etc

anyone can do those probs
